## EXTRA SELECTED—FIELD CORN—RESCREENED

### “COMMERCIAL GRADE”

For Ensilage, Green or Dry Fodder purposes and for Farmers' Trade who do not want to pay for the best grade of Seed Corn, we offer our “Commercial Grade” thoroughly Rescreened, removing the smaller “Tip” and larger “Butt” grains and otherwise the same as our selected grade BUT NOT HAND PICKED.

### EXTRA SELECTED HAND PICKED

For Farmers who make a specialty of growing Field Corn and who may desire to change, add to, or renew their planting seed stock, we recommend our “Extra Selected Hand Picked” quality, selected from crib when being shelled—thoroughly Rescreened, removing the smaller “Tip” and larger “Butt” kernels and carefully hand picked, for doing which we make an extra charge simply to cover cost. Also guaranteed to test not less than 85% strong germinating vitality.

*It is mutually understood that we, The Western Seed & Irrigation Company, are to undertake to contract sufficient acreage to ordinarily produce the quantities ordered herewith, and in the event of short or unmerchantable seed crops, the merchantable seed product received from said acreage shall be applied on an equal pro rata basis in filling contract orders, after reserving sufficient stock seed for ourselves. In which event said pro rata deliveries shall be considered satisfactory, and release us from further obligations.*

*These stocks are offered under the non-warranty clause adopted by the American Seed Trade Association, viz:—"While we exercise **GREAT** care to have all seed pure and reliable, we do not give any warranty, express or implied, and will not be in any way responsible for the crops produced from same." If the purchaser does not accept the seed on these conditions, they must be returned at once.*
